Louise, THIS whole page is Reserved!

Can you believe it? Only 1 more year of high school! Then on to the big time, as they say! We've kept our friendship going for 4 years now. But, there was a little break in there for 1 summer I think. We've had a lot of super times especially last summer since "The Lenlak's" entered our lives. Especially mine! (ha ha!) And the Urbanski disappeared (whew!!) Remember Little Caesar's and "I'm easy-Weezie"! That was so funny. I never laughed so hard! Well, maybe just wait until this summer! Watch out for Maureen & Louise!!!! I'm really glad we've been best friend's for a long time. Even though sometimes it doesn't seem like it because of Debbie. Well, she's out of the picture now and we have nothing to worry about! Thank God. Well, you finally got your license, how does it feel? We've been through a lot of Good & Bad times w/ Scotty & Brian and look how things turned out?! Scotty is still mine - even tho' people have heard differently (R.M.) those people should mind their own business anyway, don't you agree?? I'm sure they have enough problems of their own! Well, it's time for me to fly. Thanks for being my best friend! You know I'm always here for ya. Good luck & all the best!

SENIORS!!! We made it!!!!!! (finally)

Love & Best Friends Always,

Maureen

ps - wait 'til this SUMMER!

THE ROAD NOT TAKEN

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay,
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I —
I took the one less traveled by
And that has made all the difference.

Not in too many or better ways none of your classes but I am glad we still find time to talk to each other. We'll have to keep in touch like we did last summer. I know you had a great one last year, so I hope it is even better this one. Maybe we can get together, we will have a ball! Of course, with you & me both finally working we won't probably get a chance, but I make an effort I suppose.

FACULTY & ACADEMICS

Regulating Smooth Flow Of Day To

Here at Saint Ursula Academy, we are very fortunate to have such a talented group of women, who enjoy working with each other, to be our administrative staff. Each day, they are kept very busy with paper work, confused students, as well as headaches, but somehow they manage to keep SUA together. They are the kind of dedicated people that SUA is so full of. This is what makes us proud to be at SUA.

1. SR. KATHLEEN PADDEN, M.A. Sister Kathleen is our principal here at SUA. In the short time that Sister has been here with us, she has given much of herself to the growth of Saint Ursula Academy. In addition to her administrative duties, she teaches American Government to the Seniors. Sister's concern for the total student shows in her ministerial interest as a Communion Distributor at school liturgies.

MRS. MARY SAWERS, M.A. in education. Mrs. Sawers is our Dean of Discipline. She also teaches General and Integrated Math.

SR. SUSAN MURAWA, M.A., Assistant Principal. Sister Sue teaches Journalism and also moderates student council, both busy jobs!

SR. MARGARET MANION, B.A. Sister is an Administrative Aide. She also keeps the cafeteria under tight control at lunch time.

Day SUA Traffic!

SR. VIRGINIA ELIZABETH TIGHE, M.A., Affectionatly called Sister V.E. Sister's job is to check attendance in the bookstore.

MRS. CAROL GOEBEL, Secretary. Mrs. Goebel has a difficult job as secretary, but she always has a kind word for everyone.

3. Helping out the ladies in the office are Sophomore Tracy Phifer and Soph. Sabrina Johnson as they offer their expert advice to Junior Amy Stein and Soph. Anita Scott. 4. Relaxing is something which only a few students at Saint Ursula get a chance to do, so Junior T.J. Johnson takes advantage of her study hall and the quiet atmosphere of the upstairs lobby with a good book.

Auxillary Services Program

The Auxillary Services Program includes our state funded media, counseling and health services. Thanks to this program SUA has the mobile unit and our qualified counselors who can help you with anything from problems at school to college information. Our well equipped Learning Resource Center is also due to the ASP. The LRC is a great place to find extra study material, some of this supplementary material being slides, film strips and videotapes. It is also a nice place to study in a relaxed atmosphere. The clinic also part of the ASP, is the **only** place to go when you feel sick.

SISTER MARY HELEN

The Learning Resource Center is a very popular place for study hall at St. Ursula Academy. It is a chance for quiet study but offers a more comfortable setting than a regular classroom. Above, a few students take advantage of this chance for a change of pace.

MRS. RITA CARK
A.S.P. Clerk

1. The Learning Resource Center is often used for seating larger groups and was used for the Diocesan Liturgical Workshop for high school students held at SUA. 2. Mrs. Belcher, always busy taking the blood pressure of Amy Stein. 3. Ann Markwood and Laura Weaver busily study in the LRC.

They're Not Courses — Just Important Services

"They" refers to the bookstore, Resource Center and library. The library is where encyclopedias, hardcover books and magazines are found. The Resource Center contains paperbacks, filmstrips and filmstrip viewers, typewriters and is sometimes used by those girls who have a studyhall. The bookstore, which also houses the Attendance Office, provides students a place to purchase school needs.

4. With homework aside, Orchid Wevers finds something more interesting to do.

1. The library is a nice place to learn. Here Sr. Marguerita Marie helps Orchid Wevers and Darla Gralak with a project. 2. Studying in the library is a peaceful way to get things done. Helane Stiebler enjoys a novel while Tracy Johnson reads over her notes for her next test.

Brushing Up On Art At SUA

The Art Department is where you creatively express ideas at SUA. There is a four year program in which Art I and II study basics such as composition, value and figure drawing. For the further development of skills Art III is taken. It advances techniques already learned plus portrait and media study. Students are given a chance, in Art IV to do an in-depth study in their own field. A crafts course is offered for those who want to dabble in art.

1. Colleen Lanz, Stephanie Grzywiniski, and Angie Ewing intently work towards the completion of their drawings. 2. "We would look at the camera, but we seem to be tied up at the moment!" says Shevella Sloan to Jamie Simon in crafts. 3. Painting her way through art is Wendy Williamson as Tracy Getzinger looks on.

World of Opportunities Opens New

Today there is a high demand for people going into business. Whether it's Accounting, Shorthand, Business Communications, Business Machines, or Typing, the business department at SUA is sure to be an asset to all those who are planning a career in the huge field of business. Even if you're not interested in a business career, SUA has courses that are helpful to you for example, learning to type your term paper, or taking your classroom notes in shorthand. Business is helpful to us all.

Pam Hullstrung tries to make sure she pushes the correct buttons to avoid making an error in Business Machines.

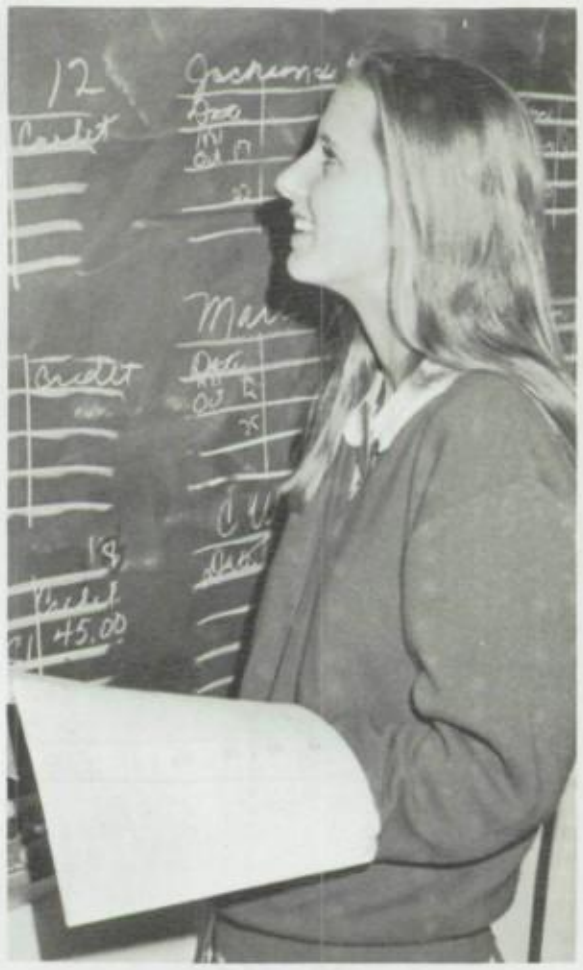
Also, in the business department there is a class set for seniors only, which is Office Practice. This course helps with the field of secretarial skills, where previous courses help with Office Practice such as; Typing, Business Machines, and Shorthand. And these courses acquaint us with new horizons, new challenges, and the many opportunities open to today's new women. St. Ursula's business courses help students reach their careers, leading them in the direction they desire.



Judging by Paula Brooks' facial expression, she evidently has a net income in her Accounting I class.

Janelle Wood and Amy Conlan look pleased as their shorthand projects are exhibited.

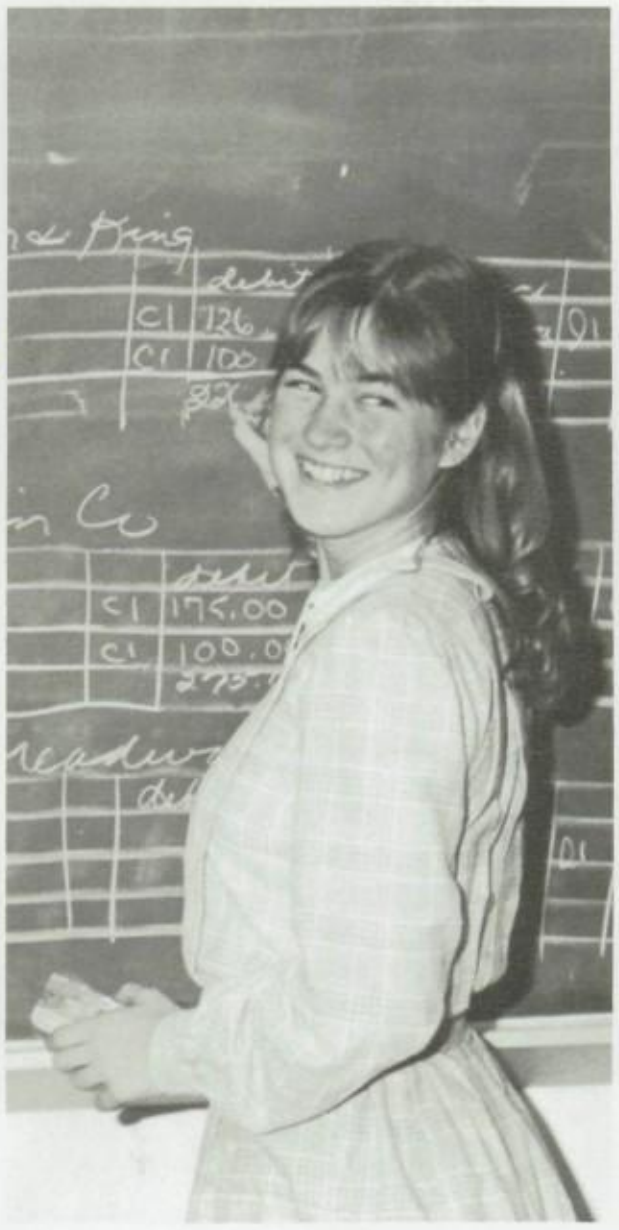
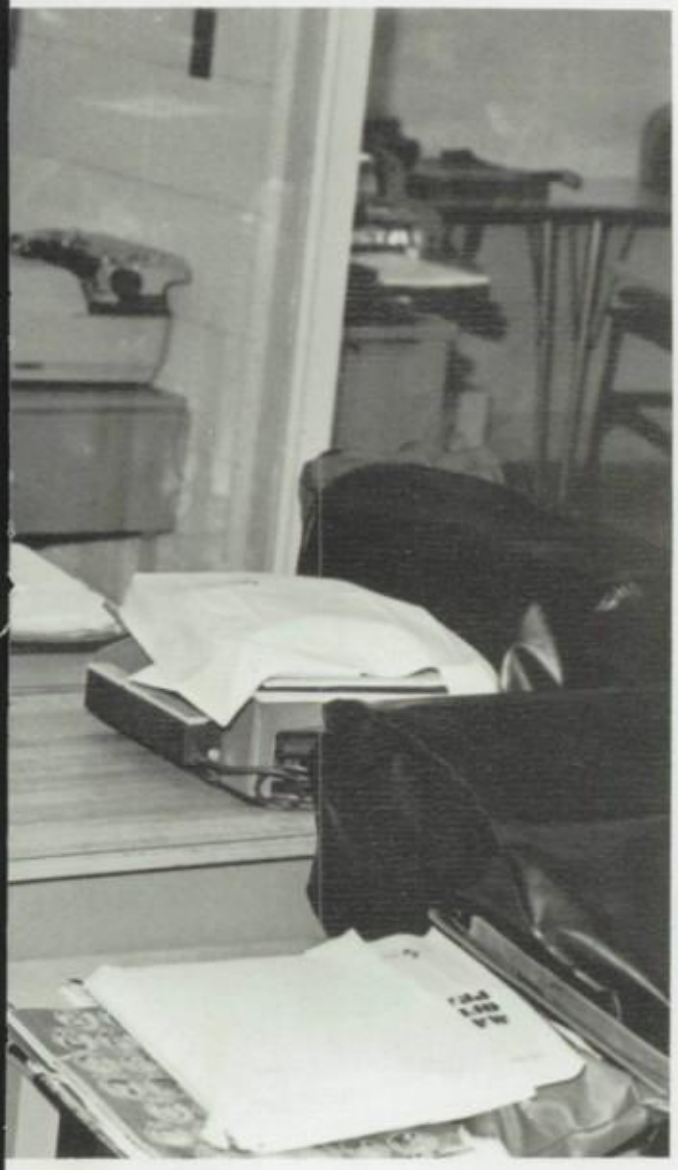
To Those At SUA





English Department Has Good Write-Up Review

Here at St. Ursula, all students take four years of English. The required courses are English I, II, American Literature, English Literature or General Literature. In the above courses, authors and various time periods are studied.

First year English, students are taught steps to develop a term paper. Those students who like to write and expand their talent take Advanced Composition or an English honors class, a new class just introduced this year.

Believe It or Not, Cooking Cleaning, Can be Creative Fun

For those students planning on entering a career of homemaking, Home Economics is a must. Even students who just want to widen their knowledge of the homemaking world, benefit a great deal from the many courses Home Ec. offers.

The courses offered are Home Ec I, II, and also Foods and Fashions. In these courses students learn to prepare foods, plan meals and to use various appliances. Sewing, child care and money management are also taught, making Home Ec. a favorite.

1. "It's fun to prepare food, but it's better to eat it!" says Nancy Snow, Lynne Wernert, and Mara Yambor, as they wipe frosting off fingers as well as sleeves. 2. As a perfect example of dedication, Stephanie Horner patiently pins her material without pricking her finger once. 3. "Look at what I made!" exclaims Lisa Mills to Lori Hack and Teri Lauer as she proudly displays a new dish she created.

MRS. CATHERINE KUENNEN, B.S.E., Home Ec. I, II, Foods and Fashions.

1. "This is easy!, I think," exclaims Mary Kay Sielicki, as she very diligently attempts to sew in a straight line on the sewing machine while also making sure her material is being sewn together right. 2. It may take some work to prepare a nutritious and great tasting meal, but in the end it's worth it as Marie O'Connell and Denise Davies begin to devour the delicious meal they created.

Learning Foreign Languages

For numerous students, incoming freshmen and others, learning a new language is a fun experience. Along with learning the language of your choice you also learn about the culture of the people who speak it. At St. Ursula, the language study requirement is two years of one language; of either French, German, Latin, Spanish.

2. Ojos a la derecha! Ojos a la izquierda! Eyes seem to be going all over the place yet Julie Eastes keeps hers glued to her Spanish I book. 4. Figuring out cases, deciding whether to use the singular or plural, has Paula McDonnell deep in thought as she diligently translates the sentence from English to Latin.

2. "And I thought that French III would be easy!" exclaims junior, Wendy Wagner. 4. Shonia Woods and Stephanie Wagner are reading together as Sr. Marie de Lourdes happily listens. Reading aloud in class, like this, gives students a better chance to practice their pronunciation.

Mathematics Gains Popularity, Open

Our Mathematics Department offers a variety of courses, including those that are essential to the serious student who is interested in pursuing a career that would primarily involve math. Courses that are offered include General Math, Integrated Math, Albegra I and II, Geometry, and Trig. & Analysis, which are most commonly taken. Honors Algebra, which is a new course this year, enables the advanced math student to be challenged even more. Math is not only used in technical fields but in one's everyday life.

1. Looking at their faces, Julie Huss, Cindy Baumberger, and Suzanne Taylor all seem to be fascinated with the properties of an isosceles triangle. Working in a quiet atmosphere lets them think better.

Student interest in the class lecture is encouraged by the teachers. 2. Trigonometry and Math Analysis work is clearly written on the board by Judy Anderson, who demonstrates to the class how she had solved the problem. Students can then compare or correct their work.

Sounds of Music Fill Their Lives

The Music Department is a section of St. Ursula that adds culture to our school. At times, the sounds of singing voices and musical instruments can be heard trickling from the Choral Room into nearby hallways. These melodic tunes are a welcome change from the usual cacaphony heard during each day.

Many girls are involved in the two singing groups: the Junior Choir and the Concert Choir. To be in the Concert Choir, members must have one year of Junior Choir or instead, audition for Sr. Gertrude Marie. Performances are staged each year for recruitment, Christmas, and many other occasions.

We mustn't forget about the many instrumental groups within the department, groups such as the orchestra, stage band, and the ensembles. Students involved can belong to more than one, and some are. They can be heard accompanying the choirs, but they also perform by themselves.

1

1. Concentrating on their music helps the Brass Ensemble create flowing notes. 2. Combined efforts of the orchestra and Mr. Holland result in beautiful music.

2

1. "I'll bet you didn't know Wagner was a Minnesota Vikings fan!" Mr. Holland tells his students on hat day. 2. These girls get right down to business when it comes to practicing their music for upcoming concerts. 3. "We sing the songs that make the whole world sing!" chorus part of the Concert Choir.

It's Not Just For Playing

The Music Department is not all singing and playing, as its students know. Many girls take advantage of the other courses that are offered, i.e. Music Appreciation and Multimedia Music.

1. "We'll fill your lives with song!" so say piano player B. Solveous, J. Hall, M. Burlinson, P. Escott, L. Pedersen, and M. Kolacki. 2. Practice makes perfect, as these girls know. 3. Adding the tone of their instruments to the many others heard in the orchestra are P. Escott and S. Scharf, playing the string bass.

We Are Becoming So Physically

MRS. FRANCES OVERBERG, B.S.E.
Physical Education

Get dressed in five minutes? That is one of the most often asked questions by freshmen the first day of gym class. By our sophomore year most of us are able to get dressed and be on the floor in time to learn why we are not supposed to shoot arrows at our bio. lab partners! Physical education is a two year required class, and is taught by Mrs. Overberg fondly known as Mrs. O. Phys. Ed. I stresses the fundamental skills, techniques and rules of speedball, softball, volleyball, track and gymnastics. During the second year sports such as archery, tennis, badminton and bowling are taught along with reviewing volleyball, basketball and softball. Physical fitness tests are also administered the first year.

Religion Plays Active Role at St. Ursula

Religion at St. Ursula Academy is a four year required course for all students. Freshmen and Sophomores take a full year course; Juniors and Seniors take a one semester course in either the first or second semester. The Freshmen religion course concentrates on personal development and it also provides an insight into prayer and the Sacraments of the Church. The Sophomores study the scriptures both the Old and New Testaments. Junior religion stresses the maturing of the girls and their response to Christian morality and faith. The religion program designed for Seniors concentrates on the roles which they will take in society, and Church history. Throughout the year, school liturgies are celebrated for all major feast days. The retreat program includes a day of recollection led by Mr. Ed. Gutefreund.

1. As the opening statement is given by Karen Boezi for a trial of good versus evil, Mrs. Sawers, Rita Hayes, Mitzi Samiec, and Beth Mortemore listen intently. 2. Religion IV is always a lot of fun when Matt Huss comes to class a case study for Seniors. Students Lisa Fretti, Nadine Elevich, Kim Heon and Tammy Bumpus look quite interested. 3. At opening Mass, Karen Janowiecki and Dorian Dutchess are receiving the blessing to be the Holy Eucharist distributors. Joyce Murtagh and Kathleen Ireland received the blessing also.

Students Experiment With New Ideas in Science Department

The science program at St. Ursula Academy offers three lab courses, Biology, Chemistry, and Physics. Contemporary Science, General Physiology, Anatomy and Physiology, and Advanced Chemistry are all non-lab courses which expand the knowledge of anyone going into a science-related career. Any student wanting to study a higher level of Chemistry or Biology can take an independent study course. Sophisticated equipment and good teachers are what make the science department effective at St. Ursula.

1. Studying the basic concepts of matter and energy and the divisions and relationships of each, Physics is an indepth study of matter, energy, light, motion and sound. Even though they wear smiles, Katie Schoen and Joyce Murtagh know that Physics is not an easy class!
2. Understanding what the parts of the human body are and how they work alone and together, these students find that General Physiology is an intersting class. It is geared for preparation in health fields and in practical nursing.

Past As Well As Present

St. Ursula Academy's Social Studies department offers different, interesting subjects. Required courses are a full year of American History for all juniors and one semester of American Government required of all seniors. Elective courses offered are: Ancient World History or Modern World History, alternated each year. Psychology and Sociology are offered yearly. Both of these courses are offered for one semester and can be taken in the junior or senior year. For the history buff St. Ursula offers Recent American History.

"Neurosis, we studied that," exclaim C. Peluso and C. Murray as they examine "One Flew Over the Cuckoo's Nest."

Cafeteria, Maintenance Fill Needs

The cafeteria and maintenance staff helps to fill your needs every day. The ladies who work in the cafeteria prepare a hot, nutritious meal each time. Some of the meals consist of pizza, tacos, hamburgers, hotdogs, ravioli, and many other delicious dishes. The maintenance staff does a great job of cleaning, repairing, and keeping the school in perfect condition. The non-curricular staff keeps St. Ursula at its very best.

1. Julie Decker's friends join her in taking a relaxing break at lunch and unanimously agree with Debbie Covicci's reply, "Yes, this is a ho-ho." 2. Francis McNutt, usually known as "Mac," is the head of maintenance man. He is also in charge of all yardwork. 3. Bill McNally is responsible for all the painting done at St. Ursula. 4. Tom Bohland, our "jack of all trades," and master of many, keeps himself busy with many repair jobs.

1. The four cooks you see preparing many different, appetizing lunches each day during fourth and fifth period are June Watt, Mary Anne Zaborski, Marie Young, and Eleanor Granata. 2. Velma McCrey assists Mrs. Van Dell King in working very diligently in order to keep St. Ursula clean and sparkling. 3. In addition to the other three maintenance men Ben Blount is also a handy fix it man. Without the non-curricular staff we would suffer.

Frosh Exercise Leadership Through

Many girls entering SUA as Freshmen know only a few other girls in their class. One way to get to know students from all classes is to become involved in Student Council as a class officer. Being an officer gives the opportunity of exercising leadership and of carrying out the responsibilities vital to all class business.

Officers, HR Representatives

Another significant way for the Freshmen to become involved in St. Ursula Student Council, other than being a class officer, is to become a Freshmen Homeroom Representative. Homeroom Reps attend all Student Council meetings and report to their Homerooms all important occurrences and upcoming events here at school.

Frosh Experience Good Times With Friends

Here at St. Ursula, freshmen have no trouble in finding new friends. The juniors adopt a little sis which automatically helps the frosh feel welcome. Orientation on September 1 helped the freshmen get aquainted with each other. Everyone knows that the first year is a frightening step in high-school, but St. Ursula's warm atmosphere and friendliness of the other classes help the freshmen feel more welcome. In school, the changing of classes is usually new to the frosh, and having so many different teachers make the classes more interesting. Activities such as dances, usually scheduled on a Saturday night, can be fun also and help the freshmen get involved with other schools as well.

Enthusiasm Reigns, Powderpuff Football Ignites Frosh Spirit

Now in it's second year, powderpuff football has risen in popularity due to the enthusiasm of the students. The games give the students a chance to show spirit, along with sportsmanship, teamwork and togetherness.

Getting Along Means Abiding Rules

When one starts out at a new place one is often concerned with how she will get along. Getting along means not only being friendly but abiding by the rules. Such things as the correct uniform length with a collar, not going up the down staircase, being on time to classes, and not chewing gum in school, etc. are rules voluntarily kept as being a part of St. Ursula. Maybe thinking of it as doing the right thing rather than just following the rules can make it easier to do.

Dishing out the goodies at the Big Sis-Li'l Sis potluck keeps Lisa Ayers and Kim Orcutt busy even though the frosh keep nicely to a single line. This activity was designed especially for freshmen and juniors. It provides a friendly atmosphere where all get along.

1. At the liturgies, many visible expressions of meditation can be read on the faces of these freshman participants. 2. Some of Art I class have everything cleaned up at the end of the day and are awaiting that final bell! The fruit of their labor is visible on the back board.

New Friendships Bring About Many Unforgettable Experiences For Frosh

Freshmen year, students encounter so many new friendships and experiences. Whether they be full of joy or sorrow, they'll always be exciting to look forward to, for high school days can be the best days of our lives. They are perhaps when we grow the most as individuals. Football and basketball games, big sis-lil' sis outings, and other get-togethers are among the many new experiences freshmen have.

SOPHOMORES TO LEAD

During the Sophomore year at St. Ursula Academy girls experiment with live specimens in Biology class, examine angles and planes in geometry class, and many sophomores steer toward new goals by receiving their Driver's License. Girls develop leadership and spirit to guide and set a good example for incoming classes. The sophomore class is responsible for planning the activities for St. Ursula Day with the aid of class moderator Mrs. Gilbert.

"To Tell The Truth" Is Enlightening

As Freshmen turn to Sophomores one of the responsibilities is the planning of St. Ursula Day. A liturgy is followed by an assembly which celebrates the Feast of St. Ursula. This year Sophomores really showed much enthusiasm and talent by their performance. All classes met in the gym for a mass and the presentation of the skit. Hard work and the time spent contributed to the success of the day.

You Will Never Find Just One Soph

A not so well known law of nature states that sophomores usually travel in bunches. St. Ursula, of course, is no exception. Big groups of sophomores are often seen crowding the hallways and clogging the bathrooms. Until recently nobody has come up with an explanation to explain this natural phenomenon but at SUA we figure it's because they all get along so well and enjoy being together. Thumbs up for the sophs!

'83 Led by Enthusiastic Students

Your Junior year at SUA holds a lot for each class member; prom, receiving your ring, parties, games, dances, and much more. A great deal of these events are organized by a group of dedicated and enthusiastic class members. These class members often serve as your homeroom reps of class officers. The job of the homeroom rep is to keep you informed of the activities happening at school. The officers and moderator plan and organize these activities for the Junior class.

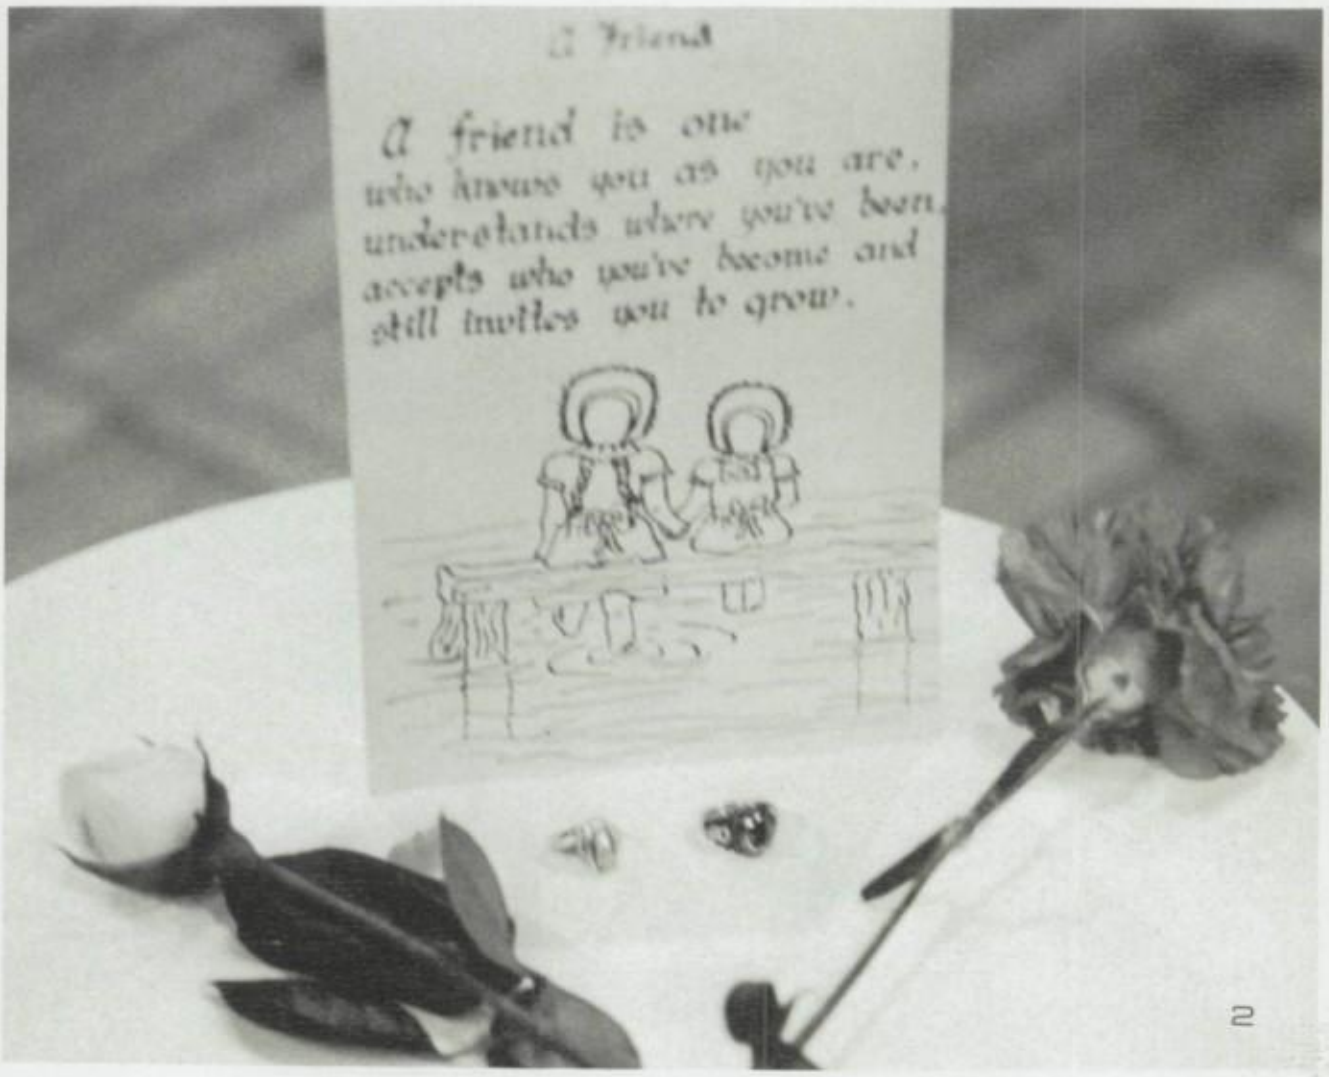
Celebrate Ring Ceremony

The day is Sunday, November 1, 1981. The event: Ring Ceremony. Each Year St. Ursula holds its annual Ring Ceremony for Juniors. This year the class of '83 chose the theme of friendship for their ceremony. Father Lasca officiated at the ceremonies and blessed the rings.



A friend is one
who knows you as you are,
understands where you've been,
accepts who you've become and
still invites you to grow.

Juniors, Forever Showing Spirit

No matter what activity you go to you're always sure to see many Juniors making their appearance. It begins when you're a Freshmen, supporting the school and rooting for the various teams. This is their first introduction to S.U.A. and high school life. As Sophomores, the student's spirit increases even more and that is just what happened to the class of '83. Finishing up their Sophomore year, they had won several awards. Placing second in the Powder Puff football game, proved to be only the beginning of their enthusiasm this past year. If you reflect on this year's activities at St. Ursula, I'm certain you will remember seeing numerous Juniors attending all of them.

As Senior year quickly comes to a close, the friendships that have grown over the four years become ever so precious, for these last days of companionship may be the last for many. The Senior Class here at St. Ursula Academy is definitely different. Could it be due to their artistic temperaments? (Most of these girls take Art IV.) Whatever the cause the Seniors enjoy their individuality and uniqueness and get along great together.

Graduation Day Filled with Mixed Emotions

Graduation day is filled with mixed emotions. We're happy because after going through four years we finally reached the day which we have been looking forward to, June 2, 1982. It also marks new experiences and new beginnings to help us reach our life's goal. This day also brings sadness, for it means the end of our days at S.U.A. and leaving our classmates behind to go forward and meet new classmates. The memories formed here will never be forgotten.

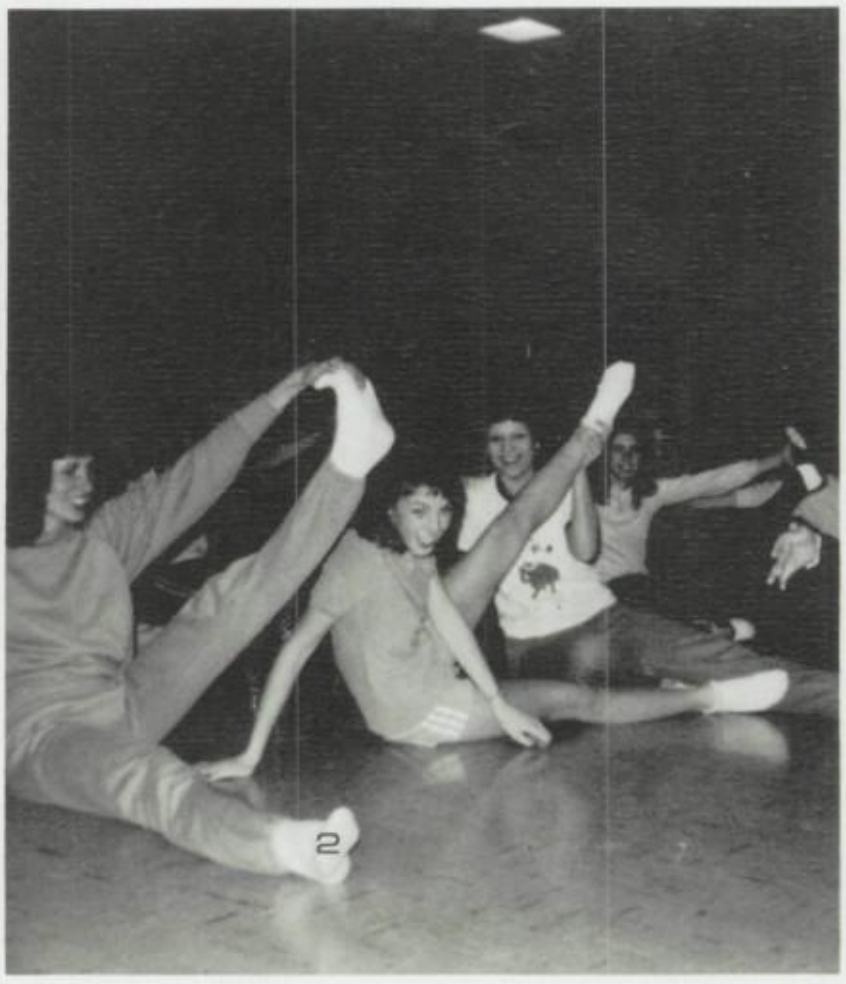
ACTIVITIES

Preparations, Color, Imagination . . .

Flower parties, skit practices, making costumes, and half time rehersals: What do all these have in common? It's the hard work that goes into intramurals. The walls of the gym are covered with paper flowers made and put on individually and coordinated to fit each classes colors. A wall 22' by 31' takes about 30,000 flowers, 15 rolls of tape and a lot of hard work to cover. On March 11 and 12 the previous months preparation comes to a climax. Good times, excitement, spirit and togetherness, that's what makes intramurals a time for all to enjoy.

1. "Fluffing flowers is a favorite pastime!" juniors J. Mossing, M. O'Connell, A. Pizza and P. Ladrow tell us. 2. Freshmen T. Jacobowski demonstrates her shooting ability. 3. "Our wall is grrreat!" chant the hard working Frosh while they attach flowers to their design. 4. The Junior's genie seems to be appearing like magic out of nowhere, thanks to a little prodding by class members. 5. "Come on girls! It's easy!" H. Stiebler tells the seniors.



. . . Adds to Intramural Highlights

1. "Stretch that right arm!" demands H. Stiebler and L. Wernert during Intramural halftime practice. 2. "Let me help you," says L. Michalkiewicz to J. Meister and J. Jesionowski. 3. G. Wilhelm and L. Brancatto aren't afraid of heights! Here they are putting up the Frosh wall. 4. A surfboard? No! That's L. Michalkiewicz dressed up in the senior cheerleading outfit. 5. Hard work is put into her half time costume by L. Anderson.

Mr. Maas and Karen Egan check on the points SUA has scored so far while Jo Meister shows her reaction in an unusual way.

Rebuilding Year For Volleyball Team

Always ready to bump, set, and spike is the Varsity Volleyball Team. Being a rebuilding year, the team has worked hard trying out new techniques in bumping, power serving, setting, spiking, speed and teamwork. Coach Sharon Heban has made the team better players this year.

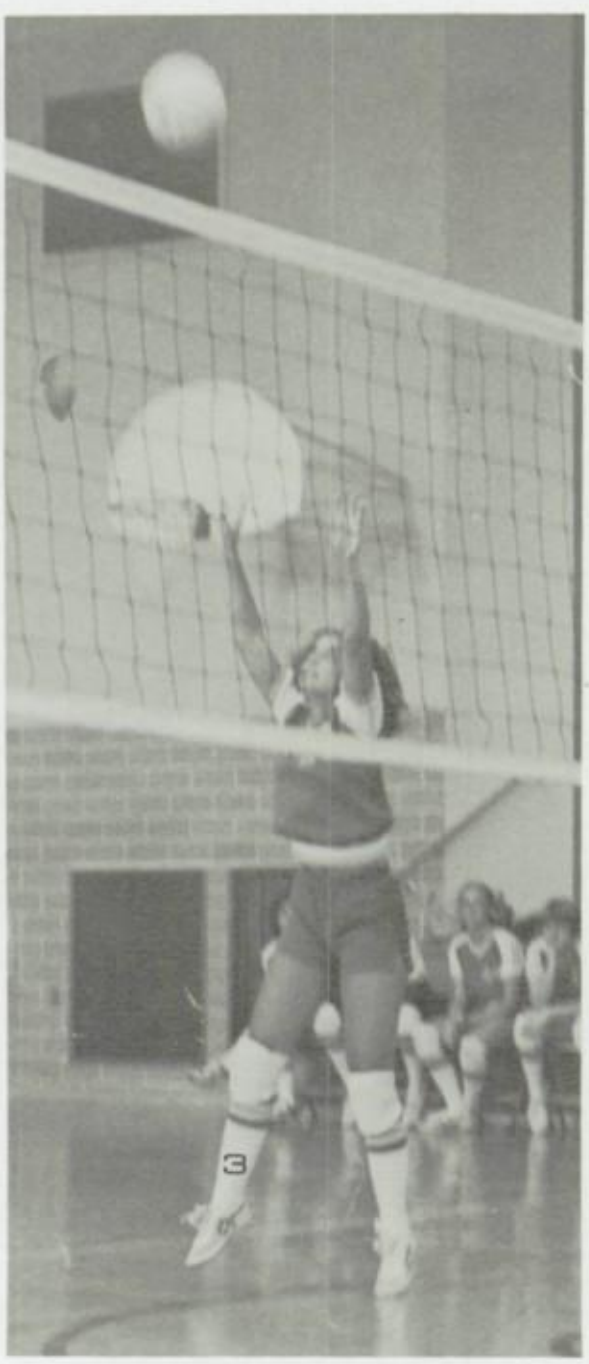
1. Ready or not, the ball is coming from the other side of the net, and Amy Patton is in position to bump it back quickly. Julie Simon watches for a short return.

1. During a game against Bowsher, Jill Gerkin executes a well placed bump while the girls keep a watchful eye on the ball.

3. Attempting to score another point for S.U.A. is Johanna Schroeder, while Diane Fleck and Jill Gerkin back her up.



1. The members of the '81-'82 Varsity Volleyball team consist of (bottom row from left to right) Julie Simon, Ramona Arnold, Jill Gerkin, and Anneliese Steele. Top Row from left to right is Diane Fleck, Pam Noe, Amy Kleeberger, and Johanna Schroeder. Not present in the picture are Nancy Billmaier, Benita Dunn, Regina Metz, and Amy Patton.

"It's A Bird, It's A Plane —

The Aqua Arrows splashed with class this year. Many hours of hard work were spent in the St. Francis swimming pool. Requirements of workouts included attending five practices a week for two hours a day. These strenuous workouts helped to condition the Arrows for future victories.

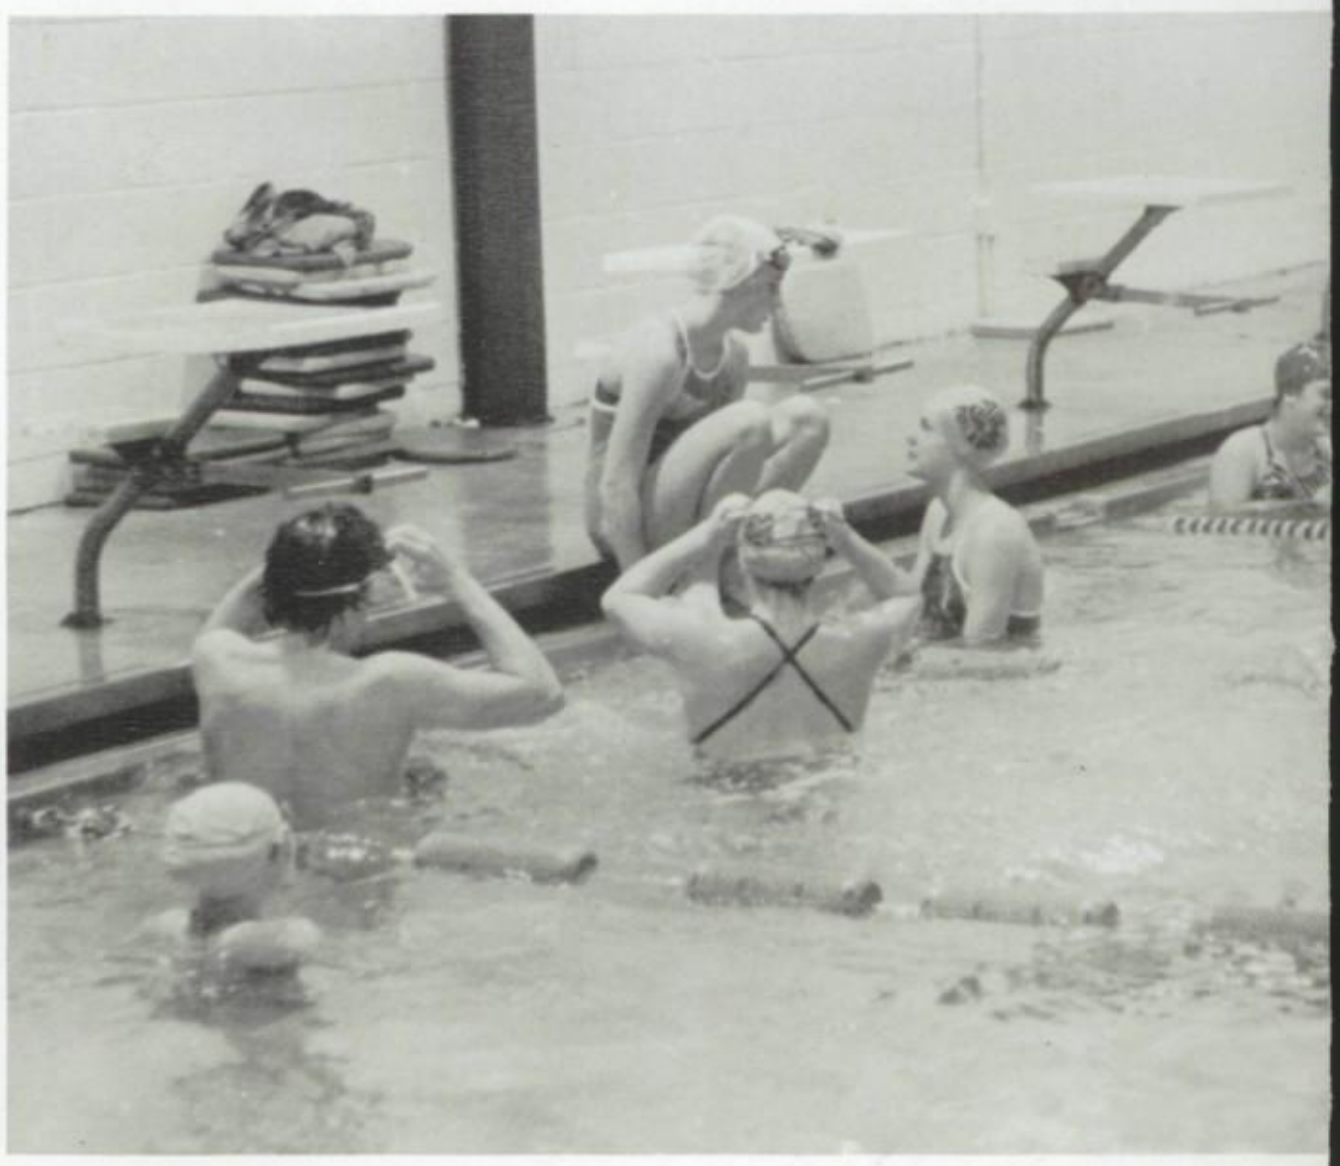
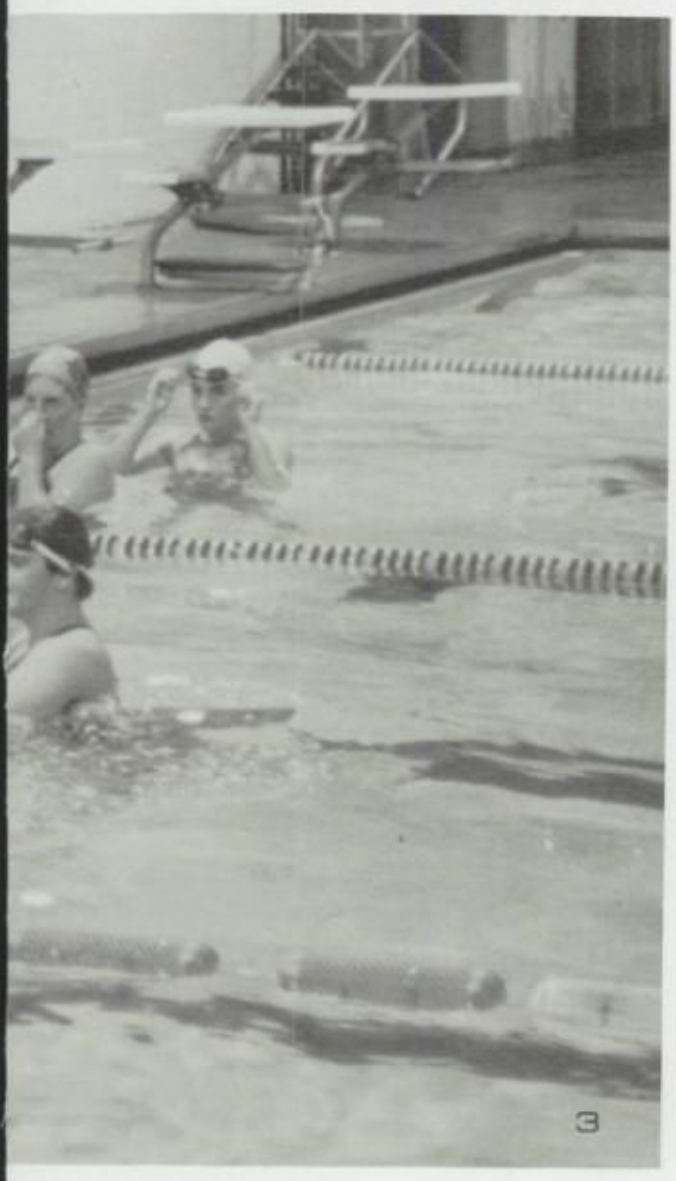
1. "The start is supposed to be similar to this," says Jo Jo Emmenecker. 2. "Is that the Loch Ness Monster from the deep water of St. Francis Swamp?" Not really it is only Katie Torchia. 3. Taking a breather is St. Ursula's very own swim team.



No It's the Ursula Aqua Arrows!"

1: The team members of the Aqua Arrows are; Row I: Sue Stoll, Julie Schoen, Jill Gerkin, Dee Bialecki. Row 2: Erin Camp, Laura Kozar, Jenny Simon. Row 3: Karen Boezi, Joyce Murtagh, Pam Noe, Katie Torchia. 2: "My, My, Grandma what large eyes you have!" No, that's just Joyce Murtagh emerging from the depths of the pool.



Splish Splash

"Jo Jo Emmenecker you are going the wrong way," says Laura Kozar. 2: "Jo Jo Emmenecker what do you think you are doing? This is suppose to be serious swimming." 3: Smooth stroke and long arms is a big asset when it comes to doing the backstroke," says Karen Boezi.

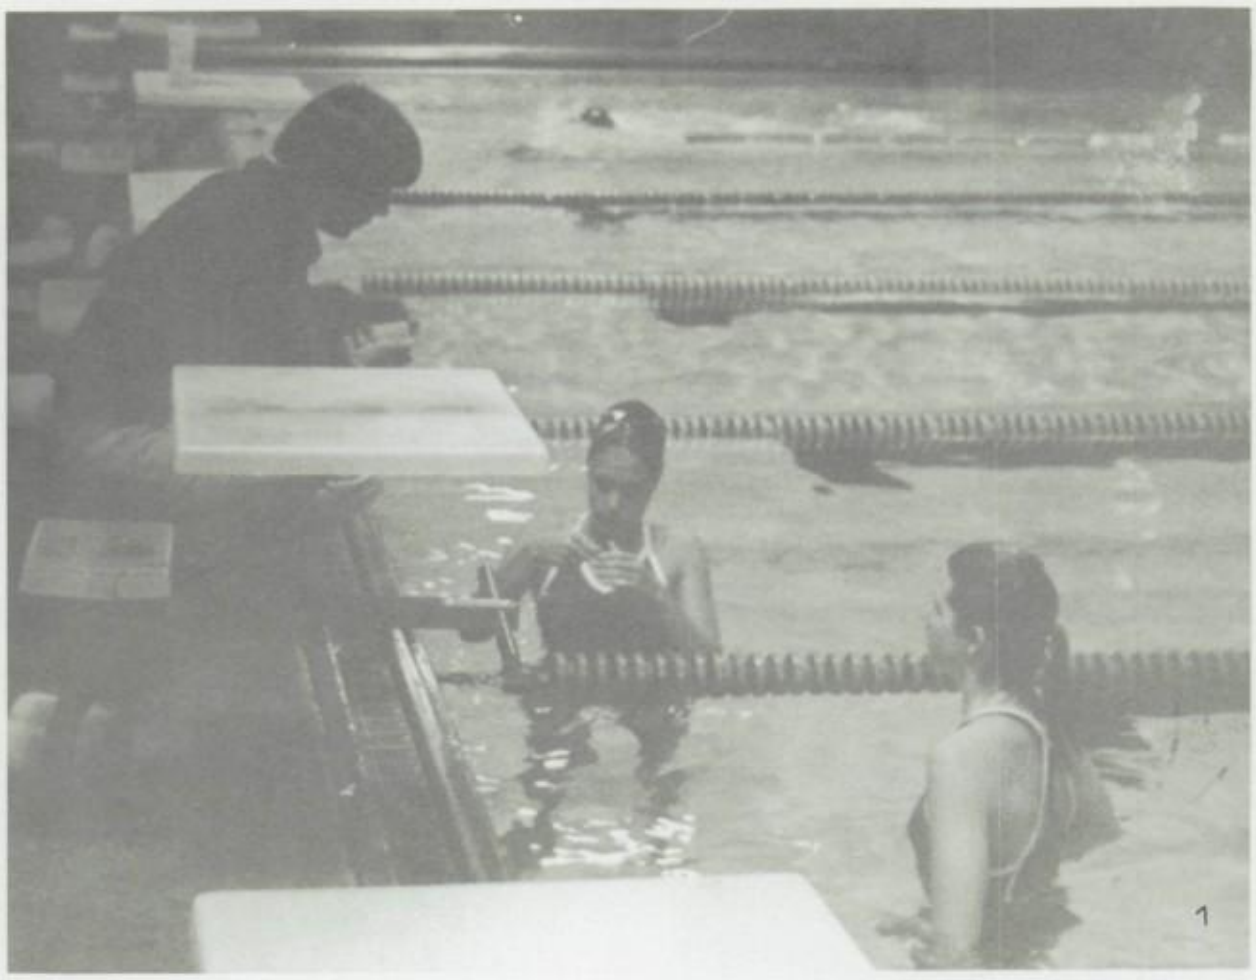
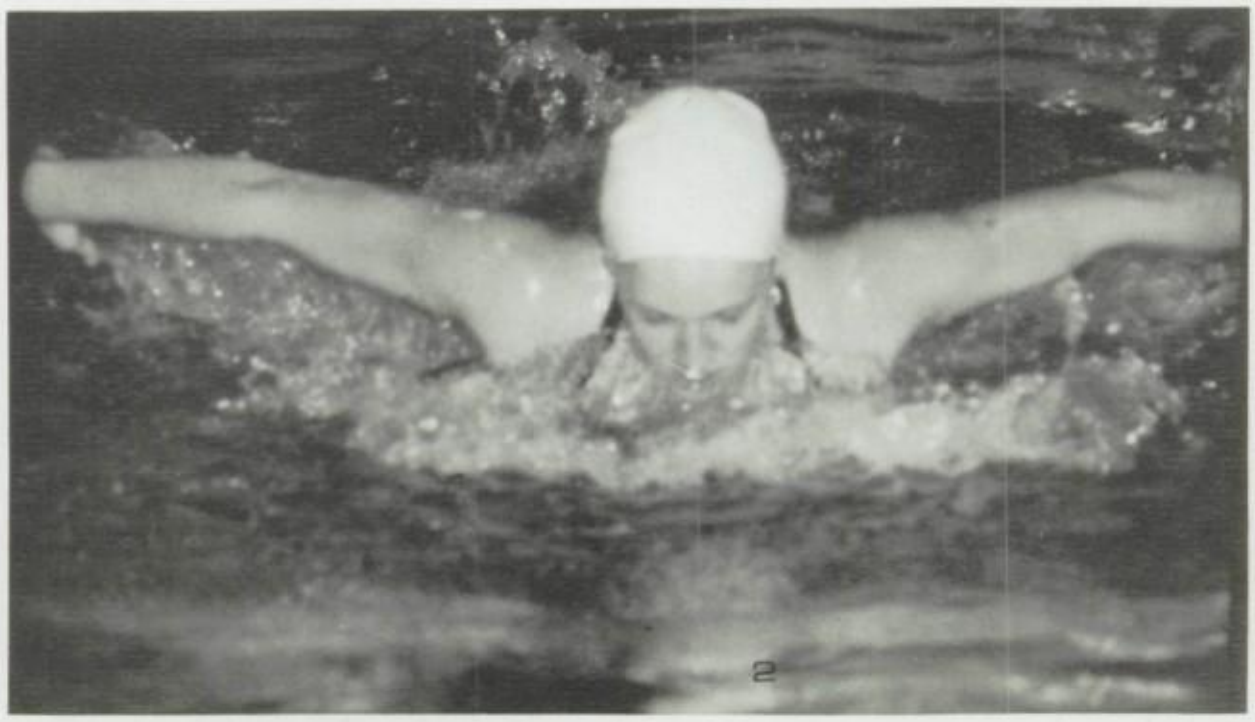
3



1: "Don't worry girls, we have enough time to finish this nice long set, which is very complicated so pay close attention to me. We shall be doing all four strokes; butterfly, backstroke, breaststroke, and freestyle. We must work hard for state meet!" says coach Jean Westhoven to Joei Walsh and Joyce Murtagh.
2: "This is my very own style of doing the butterfly stroke," says Erin Camp as she demonstrates it for us.



Varsity Arrows Have Sharp Point

Every year the Arrows keep looking sharper and sharper. Even though they have only been in the city league for a short time. (3 years) their opponents find they have a lot of talent. The Arrows are able to maintain good poise and members work will together.

1

2

3

1. Chasing after a loose ball so she can score more points for the Arrows is Katie Schoen. 2. To reach the highly tossed jump ball, Holly Carson takes a big leap. 3. The Varsity Arrows not only can make baskets, but they also set up a tough defensive zone to stop their opponents.

SUA Soccer

1. The soccer team decided Suzi needed a paint job, so out came the brushes. The end result? Debbie Yankovic's volkswagon was miraculously transformed into a soccer ball on wheels. 2. Taking time out to rest from overexertion in an exciting game are Tammy McCready and Laura Manzey. 3. Explaining a new plan of defense is the head soccer coach Matt Johnston as Patti Simon concentrates heavily on the outlined strategy he has devised.

ANYTHING GOES!

The 1982 High School Almost Anything Goes Competition came a little too late for the Scroll's activities deadline so we had to put it back here. We figure better in the back than not at all which just goes to show you that even in the yearbook business almost anything goes!!

1. S.U.A. team members line up for their turn to slide across the greased log. 2. Anyone for cream pie? S.U.A. has delivery service! 3. Almost anything goes team and committee members are, front: L. If we only knew
When that turning point arrived
If we could only see
What the strong use to survive

I might write more later.
Ups

Stay friends forever... and there is.... Well- I enjoyed all of the good times we have had/ I have so much more to say but I just can't think of it cuz' I have had a one track mind / [DOUG] and I will until things are settled between us. Also if you ever need anyone to talk to about your guys or anything

Before we realize
There's no turning back.

I'm always here - 531-6014 - just incase you forgot about my house having a phone. Well- time to go - Give me a call sometime I still live there and I will be for a while

Hope ya have a Great Summer!!

Well have to get out so call me

Good Friends Always,
Love Ya Lots-
Nicki

Friends Forever!!

DNA Forever I die!!

Take Head to this sign! Just kiddin'.
Have fun this summer and don't meet too many guys. Just kiddin' again. Actually you should try and "meet" (just meet) as many guys as you possibly can. Then get close with about five or six. Right if you only go out w/ the (ass) wrong guys all the time because I'm sure you'll attract nice men. I see you at Dapper to stop by Maureen's. I'll probably stop by this summer if I have time in between #'s. Love, Louise

Not to say that you'll go out w/ a couple or wrongs! How'll never find Mr. Right if you only go out w/ the (ass) wrong guys all the time because I'm sure you'll attract nice men. I see you at Dapper to stop by Maureen's. I'll probably stop by this summer if I have time in between #'s. Love, Louise

LOUISE,
LUNCH HAS BEEN GREAT THIS YEAR - I THINK WE ARE KNOWN AS THE DIET TABLE IN OUR LUNCH! AND WE ALL LOOK THE SAME (-HA) WE ARE SENIORS! THIS SUMMER I'LL STOP IN ——— WENDY'S TO SEE YA! HAVE FUN → BUT NOT TOO MUCH! NEXT YEAR WILL BE EXCELLENT!

LOVE, ANGIE ♡

Louise-
Well - we have only one more year to go!! This year went by so fast.....! We were in alot of classes together this year, but wait till next year when we are SENIORS, we are gonna raise hell for sure, K? We didn't do too much together this year in school but for sure next year.
We have been friends for 8 years, and lets keep it that way. We have to go out sometime this summer & party cuz' last summer we didn't do any thing at all so lets keep in touch over the summer, & not just during the school year!! I want to make sure that we stay in touch cuz' after highschool were not just going to fade away from one another & just stop talkin'. we have had a lot of good times together over the past years & just think of all of the memories that we have. Comin' to school 1st period we both talk about what happened over the weekend [Brian*] good times - and all of the little talks that we had during Religion class [all of the things we learned from our talks]. And all of the upsetting things that I went through with Doug - and I still am. The times yeah! that things will work out for you ... Louise, I don't know, hope that I can be my maid of honor (ha-ha) Just like Doug said "lets skip going together and just get married!" you just wait someday (maybe) Well - just remember all of the times and just for listening to my problems and I'll come to you cuz' if I ever need to talk you'll listen & I know that you'll listen & I wish that we could be as good as friends as we use too but things have to change I guess! Just read over that one note that I gave you w/ the little (cramlr-pixtures I think that note said alot. All's I can say is that I hope that we can stay

Louise,
Hi there! We had a great time in lunch! Eating fighting & talking about diets! Uh! Well Next year we'll be eating together again.
